## New Research Proposals Have Arrived!

The Children's Heart Foundation received **52 research grant proposals** last month! The 52 proposals request a total of over \$8 million in funding. Last year CHF was able to fund, for the first time in a single year, over \$1 million of CHD research thanks to our donors, volunteers, and sponsors!

Check out the graphic below showing the amount requested for 1st year funding, 2nd year funding, and the grand total of funds requested:

In November, CHF's Medical Advisory Board (MAB) will come together to discuss these research proposals and make recommendations on which of the projects CHF should fund.

Each year, promising CHD research goes unfunded. You have the power to change that! The amount of research CHF is able to fund is based on moneys raised throughout the year. To make a research restricted donation, [click here](#).

## Team Sadie Raises Over \$27,000 for CHW

[Team Sadie](#), who walked at the [Chicago Congenital Heart Walk](#) on June 13th, raised over \$27,000! This makes them the top fundraising team in Congenital Heart Walk history!!

The team walked in memory of Sadie, who passed away on December 7, 2014 after only 23 days of life. Sadie was born with a congenital heart defect called Tetralogy of Fallot and also suffered from Pulmonary Atresia. Thank you and congratulations to Team Sadie!

## Summer FUNdraising for CHF

Looking for fun activities to do with the kids this summer to help raise money for CHD research and spread awareness? Host a lemonade or fruit stand, set up a CHF booth at a local festival, or have a bake sale or garage sale!

Make signs letting people know that proceeds will be going to CHF to help fund the most promising research to advance the

auctions. Get tickets [here](#).

The [Children's Heart Foundation](#) (CHF) is the nation's leading organization solely committed to funding Congenital Heart Defect (CHD) research.

CHF's mission is to fund the most promising research to advance the diagnosis, treatment, and prevention of CHDs. Our goal is to bring health, hope, and happiness to children and families impacted by CHDs.
